

HYDRATION STATION

THE HYDRATION STATION IS AN INFRARED & STEAM THERAPY POD THAT WE CAN CUSTOMIZE WITH 4 DIFFERENT OILS FOR AROMATHERAPY AND SKINCARE RESULTS. SESSIONS ARE A MAXIMUM OF 30 MINUTES.

When to use the Hydration Station:

- Prior to any UV Tanning Session
- Prior to any Airbrush Spray tan
- Anytime for Stress Relief, Weight loss, Relaxation and Improved Skincare Results!

BENEFITS

#1. INCREASE TANNING RESULTS

- UV guests: increase your tanning ability dramatically
- Spraytan guests: spray tans penetrate deeper and more evenly achieving longer lasting spray tan results

#2. INCREASE YOUR SKINS APPEARANCE

- Reduce fine lines and wrinkles
- Stimulate cellulite reduction
- One 20 minute session can burn up to 200 calories
- Increase the length of your vacation/bronze baxx uv or spray-tan

#3. RELAXATION & STRESS RELIEF

- Adjustable vibrating massage – light or strong
- Increase your circulation from radiant heat and steam therapy
- Experience increased energy from cell rejuvenation
- Detoxify your lymphatic system
